FOURTEENTH YEAR

"MARIA ROSA" AT THE LYRIC FRI. AND SAT.

Maria Rosa, the photoplay that made Geraldine Farrar a bride, will be the attraction at the Lyric Theater on Friday and Saturday. This is the third production made by Miss Farrar for the Jesse L. Lasky Feature Play Company the others being Carmen, and Temptation.

It has been called the photoplay that made Geraldine Farrar a bride, because it was while Miss Farrar was at the Lasky studios in California last summer making this production that she first met Mr. Lou Tellegen, the striking young actor, whom she married in New York several months ago. The romance had its start under the clear blue skies of Southern California while the two artists were in each others company daily. Lou Tellegen was at the Lasky studios at the same time appearing in picture version of The Unknown, and The Explorer.

In Maria Rosa, a Paramount picture, Miss Farrar will have a part quite different from the role of Carmen or Rene Dupree in Temptation. In this Spanish tragedy, taken from the play by Guido Marburg and Wallace Gillpatrick and founded on the story by Angel Guimera, Miss Farrar appears as a young Spanish peasant girl, for whose hand two admirers are in eager contest. One of the youths, Ramon, is of a jealous nature and not liked by Maria Rosa. The other, Andres, is her favorite. These roles will be played respectively by Pedro de Cordoba and Wallace Reid.

Ramon manages to remove the favored Andres by having him falsely accused of crime for which he is sentenced to a long prison term. Believing Andres dead, Maria Rosa, after much persuasion, finally consents to marry Ramon. On the wedding day Andres returns and the whole plot is revealed to the heart-broken Maria Rosa. The finish of the play is with Ramon's death and the happy uniting of the two real lovers.

Produced and directed by Cecil B. DeMille, Maria Rosa, in the opinion of those who already have seen it, is decidedly the best of the three productions which Miss Farrar thus far has made for the Lasky Company. Ernest Joy, Anita King, Horace B. Carpenter and James Neil, are members of the cast.

FRANCISCO VILLA SHOT BY MEXICAN

Asserts Villa Wounded in the Leg. Ultimate Fate of Chief is Unknown

Field Headquarters, Mexico, June 26.—Francisco Villa was shot from the rear by a Mexican he had impressed into his gang during the battle with Carranza troops at Guerrero but his fate is still unknown, according to a semi-official account given out here today obtained by Major Robert L. Howze who was close on Villa's trail last April. The officer learned the details of the bandit chief's wounding from one of the Mexicans Villa drafted and who afterward deserted.

The details of the story tally accurately with all the facts American officers have obtained in their chase and their independent secret service work, but the account does not say whether the bandit died or recovered. Villa, the Mexican deserter said, exhibited every evidence of terror during the early stages of his flight, after the Americans had defeated his men at Guerrero. He asserted he believed that Villa was dead, but if he still were alive he was in the state of Durango, for which point he was heading during his flight from Gen. Pershing's men.

The men Villa impressed at El Velle after the Columbus raid, according to the deserter, were behind Villa during the attack on Guerrero, and intended to assassinate him in order to go over to the Carranzistas.

Their plan failed, however, because the town surrendered just after Villa fell, with a large lead bullet in his

SUPERINTENDENT SARAH BASTOW AND GRADUATE NURSES OF THE UTAH-IDAHO HOSPITAL IN 1916

SARAH BASTOW, Supt.

BARBARA HOPKINS

ZELDA BIRD

ANNA GRANT

PHOEBE BAKER

ETHEL WILLIAMS

ETHEL HENINGER

UNITA HATCH

Each year the Utah Idaho hospital at Logan graduates a class of nurses who have had a four year's training of the proper care of patients in

case of sickness. This year there is a class of eight nurses as follows: Anna Grant, Zelda Bird, Unita Hatch, Phoebe Baker, Barbara Hop-

kins, Ethel Heninger, Ethel Williams and Lucile Pugmire. The training that is given to the graduate nurses of the local hospital

is of a most practical nature as there is no hospital in this western country which attracts a bigger variety of cases than does the local institution.

CONVENTION IS CONCLUDED WITH HOTEL BANQUET

The 16th annual convention of the Utah Pharmaceutical Association was concluded in Logan Tuesday evening with a banquet given at the Hotel Logan.

R. S. McAllister, manager of the Coop Drug Co., at Logan stated yesterday that every visitor was loud in his praise for Logan and the very fine entertainment which had been provided for the members of the state association, and Mr. McAllister wishes to extend his thanks and appreciation to all local people who assisted in any way to make the 1916 convention the big success which it was.

The big day of the convention was Tuesday and appreciating that it would be a busy period, the delegates gathered early. Mr. C. F. Adams of the firm of Gardner and Adams of Salt Lake City addressed the convention on the topic, "What do you know about your business?" and he made what is conceded to be the finest talk given before the association. It was specific instead of general and contained a great amount of information. He went into detail in explaining the cost of every thing entering into the conduct of a business, his figures showing it costs approximately 25 per cent to business here or about 1.5 per cent more than in the eastern part of the country. He explained the necessity of having a cost system in every business concern and said the time has come for the abolishing of the practice of discounting between tradesmen. Every time a merchant discounts to another one he commits a crime against his best customers.

When people buy goods they pay 66 per cent for merchandise and 34

HUGHES TO CONFER WITH ROOSEVELT

Republican Presidential Candidate Asks the Colonel to Have Lunch With Him

New York, June 27.—Theodore Roosevelt has accepted an invitation to dine with Charles E. Hughes at the Republican presidential nominee's hotel here at 7:30 o'clock tomorrow night, it was learned here today.

Only the candidate and the colonel, it was stated, will be present at this dinner which will be held in Mr. Hughes' apartment.

While Mr. Hughes was receiving callers today the national committee's subcommittee, which will direct the organization of the new national committee, and its executive committee was meeting.

Men who conferred with Mr. Hughes today included E. J. Henning of San Diego, Cal., who on behalf of the Republican club of California, invited Mr. Hughes to visit San Diego during the campaign. The candidate said he was anxious to visit the Pacific coast, and the two discussed a suggestion that the presidential speech making tour be put under way in cities in California, Oregon and Washington early in September. Mr. Hughes took this plan under advisement.

William R. Wilcox, former postmaster of New York and later public service commissioner was today appointed chairman of the Republican national committee.

RUSH ORDER FOR 20,000,000 ROUNDS OF AMMUNITION

Philadelphia, June 27.—A rush order for 20,000,000 rounds of small arms ammunition was being filed at one of the government arsenals here today. The cartridges will be consigned to the government arsenal at San Antonio, Texas. It will require two weeks to complete the order. Men are working day and night shifts.

THIS "WATCHFUL WAITING" HAS SEEN ITS DAY

That the time for ringing down the curtain on the "Watchful Waiting" act is overdue there now appears no doubt. And that the administration should at once send for the message that knows no retreat until American blood has been avenged, if we mistake not, is the universal opinion of the people of the United States. At the recent Bankers' Convention at Ogden, Hon. A. W. Evans enlightened his hearers on the Mexican situation, and his logic was so sound and clear that he was cheered to the echo. He said in part:

"If I were the adviser of the President of the United States, I would recommend the immediate occupancy of the Mexican states of Chihuahua, Coahuila, Sonora, and Sinaloa; this would establish an effective blockade and the war would go no further."

"The cause of Mexico's present trouble began more than 300 years ago, and is the direct result of oppression of about 14,000,000 persons by the million persons of Spanish blood who hold most of the land and hold the others in peonage. Until something is done to break up the large estates so the Mexicans may get land of their own, until the system of oppression is destroyed, schools are established and the masses given the opportunity to administer their own affairs, riots and revolutions will continue and the vast resources cannot be developed by American capital."

"The pure blooded Indians of Mexico have the latent talent to be capable business and professional men and all they need is the opportunity. Present conditions are intolerable and cannot go on forever. Whether it is the providence of God that we are in right conditions in that rich country we do not know, but I believe that it will be the destiny of the United States to do so."

Mr. Evans knows more about the Mexican situation than any other man in Utah, and we are willing to stake

DRUGGISTS ARE GIVEN OUTING TO RICHMOND

Tuesday morning about fifty ladies of members of the Utah Pharmaceutical Association were given an auto ride to Richmond by Messrs H. G. Hayball, A. G. Lundstrom, A. J. Turner, James W. Quayle, R. S. McAllister, Julius Jacobson and other out of town druggists.

At Richmond the party visited the Utah Condensed Milk Factory. Mr. Albert Thompson and A. A. Thomas of Richmond showed the guests through the entire plant and at the close the visitors had all the ice cold buttermilk and cheese they could eat and drink, and each one was given a small can of condensed milk as a souvenir. The visitors were much impressed with the cleanliness and sanitary conditions of the factory and the surroundings.

At 1 p. m. the physical culture class of Richmond under the direction of Mr. A. A. Thomas served a most delicious banquet on the beautiful lawn of the Robinson home. The ride gave the guests a good appetite and they all enjoyed the dinner immensely. Many cheers were given the people of Richmond and this side trip was perhaps the most pleasant feature of the Druggists convention for the women. Richmond is noted for its hospitality and way of doing things and it is safe to say that these ladies will be enthusiastic boosters for the town and will always have a good word for it.

GOVERNOR JOHNSON WILL SUPPORT CHAS. E. HUGHES

Sacramento, Cal., June 27.—Governor Hiram W. Johnson, one of the leaders of the progressive party today announced that he will support Charles E. Hughes, Republican, for the presidency of the United States, "because I believe his record warrants it."

Mr. and Mrs. H. S. Parkinson of Rigby, Idaho, have been in Logan this week, guests of Mrs. Lucile Cowley.

CARRANZISTAS AND VILLISTAS ARE IN ACCORD

Evidence Piles Up That Prospect of War Has Healed the Breach Between Them

El Paso, Texas, June 27.—Evidence that the possibility of war with the United States has healed the breach between the Carranzista and Villista factions in Mexican politics continued to pile up here today.

More than 100 wealthy Mexicans, who prior to the surrender of the Villista garrison of Juarez last January, had been active in supporting the bandit leader, and who since have been refugees in El Paso, crossed the Rio Grande and apparently were received in good favor by authorities of the de facto government.

Hand bills, printed in Spanish, asserting that Villa himself had been pledged to support the Carranza government in the event of a break with the United States were circulated in Juarez and to some extent in the Mexican quarter of El Paso. All the reports indicated, however, that the bandit chieftain had not yet joined the constitutional forces, but with a body of his troops is somewhere in the Rio Florido district of southern Chihuahua, awaiting developments in the crisis.

MILK PRICES

Borden's Condensed Milk Company of Utah, announces that owing to the frost killing the first crop of alfalfa, and the prospect of an extremely high price for hay, they have decided to advance the price they will pay for milk, in order to enable their dairymen to lay in a good supply of hay from each cutting of alfalfa during the summer. The company, therefore, will pay for the month of July 35 cents per pound for butterfat at dairymen's door, or 37 cents per pound delivered on board their milk train or factory.

LORENZO HANSEN, Supt. Adv.

FRED W. KARREN

A great many readers of The Logan Republican will recognize the above photograph as that of Fred W. Karren, formerly of Lewiston, a son of Mr. and Mrs. Hyrum Karren. Mr. Karren recently enlisted as a soldier in the British army at Magrath, Alberta Canada. He was made a commissioned officer with the title of lieutenant. There were forty-nine enlisted at Magrath.

At the demonstration meeting held for Alderman Karren and the other noble boys in the ranks, Hon. M. H. Roberts of Salt Lake City was in attendance and said in part:

"If I had a son and was a citizen of this great Dominion and a subject of this mighty empire," declared he with emphasis, "nothing would please me more than to see him volunteer like a man in defense of his country. And if he fell with his comrades there would be everlasting comfort in knowing that he died a brave and worthy son doing his duty. And do not be deluded—sacrifices of blood must be made to establish any great principle. Anglo-Saxon liberty was only secured by the best blood of past generations, and it will be thus with respect to the future world movement for the common good."
